Ezijobz SME Edition is simply the most comprehensive and technically advanced Business Operating System on the market today.

And what Software Category does it come under?

There's nothing quite like Ezijobz SME, it's ERP for Everyone! We call it the **BOS!**

Why hasn't this been done before?

Whereas other systems have either been built to address a specific market or have evolved on top of old technology, Ezijobz SME Edition has taken the very best of each business function and best business practice and integrated them using the very latest technological advances in software design including relational database – SQL compliant, Delphi programming language, scalable deployment and integration to PDA and mobile phone devices.

Ezijobz SME Edition is highly affordable, accessible, functional, technological, flexible, scaleable, practical and achievable. Ezijobz SME Edition is the BOS!!!
